Subject Carlyle Group Bid for Verizon

Dear PUC Board Members,

There has been much controversy in the media about the intentions and integrity of the Carlyle Group which is proposing to acquire Hawaii's phone system from Verizon.

There was a Dutch television documentary which investigated who the Carlyle Group is and how they operate. This documentary is available on the following link:

<http://www.mindfully.org/>

I encourage each of you to view this documentary to ensure the protection of Hawaii's communication systems.

Best Regards,

Fred Housel
